The Delaware & Lehigh National Heritage Corridor preserves the historic pathway that carried coal and iron from Wilkes-Barre to Philadelphia. Today, the D&L Trail connects people to nature, culture, communities, recreation and our industrial heritage.

We are in your backyard, winding through historic towns, bustling main streets and verdant parks.

But the D&L isn't just a trail.

We are a diverse and multi-faceted organization that was named *nationally significant* by U.S. Congress in 1988. The D&L has the ability to connect you to unique experiences in nature and the environment, community and economic impact, health and recreation, history, historic preservation and education.

Get connected to nature
... to rivers, streams, trees and hillsides that replenish your soul and celebrate life

Get connected to communities
... where you form lasting relationships and opportunities that positively impact your local economy

Get connected to health
... by providing an accessible, safe and exciting trail that's ideal for recreation

Get connected to history and education
...by helping to preserve and share the stories and culture of our region
