The Delaware & Lehigh National Heritage Corridor preserves the historic pathway that carried coal and iron from Wilkes-Barre to Philadelphia.

Today, the D&L Trail connects people to nature, culture, communities, recreation and our industrial heritage.

We are in your backyard, winding through historic towns, bustling main streets and verdant parks.

But the D&L isn’t just a trail.

We are a diverse and multi-faceted organization that was named nationally significant by the U.S. Congress in 1988. The D&L has the ability to connect you to unique experiences in nature and the environment, community and economic impact, health and recreation, history, historic preservation and education.
